

# Creative Learning Adventures

## Montessori & STEAM-Based Curriculum

This camp offers an exciting, theme-based adventure where language, math, science, and art come to life through interactive learning and creative discovery.

### Three Enriching Sessions

In each session, our explorers will learn through hands-on activities, sparking curiosity and making connections with the world around them.

### Outdoor Play

Campers thrive in our outdoor spaces for water fun & gross motor play!

Session	Dates
Session 1	June 22nd-July10th
Session 2	July 13th-July31st
Session 3	August 3rd-August 14th

- **Dismissal for Half Day OR Lunch**
- **Nap**
- **After-Nap Activities**  
Crafts, Story-Time, Movement, & More!

**\*Weekly trip to Van Vorst Park playground and water sprinklers!**

# Three Sessions, Endless Lessons!

## Session 1: Grow It! - In the Garden and Down in the Dirt June 22-July 10

Guided by a special story, our little learners will discover the hidden world of **the garden**. Together, we'll explore bugs, vegetables, plants, seasonal changes, and gardening wisdom, sparking curiosity, observation skills, and early **STEAM** thinking all while using our hands!

## Session 2: Build It! - Buildings, Bridges, & Tunnels July 13-July 31

We will use various materials to build buildings, bridges, and tunnels. Each design will incorporate concepts from physics, engineering, art, design and mathematics. A great STEM camp.

## Session 3: Catch It! - Predator OR Prey! August 3-August 14

Eat or be eaten... You are what you eat! There is a fascinating world to discover through the food chain and how animals have evolved and triumphed over both their predators or being prey.
